CAREER OBJECTIVE

An adept front end developer with an intermediate knowledge in the use of Microsoft Excel, CSS, HTML, React.js and Javascript. I create engaging user experience through efficient version control and testing.

With a passion for both personal growth and software development, I am engaged in an intensive over 1000+ hour coding program with Alt School Africa, while personally engaging other platforms to better harness my skill.

I enjoy collaborating closely with other senior developers and I am ready to apply my skill in creative work environments. My career objective is to learn and leverage on leading programs in delivering value in a way that brings maximum satisfaction to my employer and me.
